

October 23, 2009

Dear Ballantyne Community,

We are very pleased to be moving forward with improvements to the intersection at Ballantyne Commons Parkway and Ballantyne Corporate Place. The improvements will include widening the intersection to create additional turn lanes on Ballantyne Commons Parkway and Ballantyne Corporate Place. Although the construction may cause traffic delays over the next few months, we look forward to improved access in and out of Ballantyne Corporate Park.

Over the next few weeks you will see barricades on the roads as well as surveying and utility crews working in the area. Trees will be removed and most will be relocated to other areas of the corporate park. Several street lamps will also be relocated to accommodate the extra turn lanes.

We anticipate a construction period of 90 and 120 days depending on weather.

Please see the attached Alternate Routes map which highlights various access points to Ballantyne Corporate Park. We encourage you and your team members to use these areas during construction to avoid any delays. Construction updates will be posted [go-ballantyne.com](http://go-ballantyne.com).

Your patience and cooperation is appreciated as we commence this project to ultimately improve traffic flow. If you have any questions or concerns, please feel free to contact me at 704-248-2000.

Thank you,

Tom Pizzo  
President, Property Services
